### Program Summary

Marshfield Clinic Health System AmeriCorps members will serve as recovery coaches to reduce prescription drug, opioid, and other substance use disorders in northcentral Wisconsin. At the end of the first year, AmeriCorps members will provide information about substance use disorder recovery to the community and work with at least 100 individuals with substance use disorders seeking to develop Recovery Service Plans. Members will also leverage 100 volunteers to promote recovery centered activities in the community focused on reducing prescription drug, opioid, and other substance use disorders. The program will target the CNCS focus area of Healthy Futures.
